

## King of Prussia Equipment, Husqvarna Construction Hold Service Seminar

The companies attending the seminar included Neuber Concrete; Fabbri Concrete; R&W Concrete; E&G Concrete; T&T Construction; B. Pietrini & Sons; and King of Prussia Equipment Corp.

King of Prussia Equipment Corp. and Husqvarna Construction Products jointly held a service seminar on Husqvarna Soff-Cut saws and Husqvarna vacuums, grinding and polishing equipment.

Soff-Cut specialist Stewart Carr began the event with a Power Point presentation on the Husqvarna Soff-Cut saws 150, 150E, 150D, 2000, 2500, 4000 and 4200.

After the Power Point presentation, the class of mechanics and masons did hands-on maintenance of saw blade blocks, proper alignment and discussed the Soff-Cut early entry blades available for each saw.

Later, Industrial Application Specialist Paul Pinkevich did a Power Point presentation on grinders, vacuums and polishing equipment. He then conducted a hands-on presentation on the S26 vacuum with necessary maintenance proper filters (bags) all to be compliant with the current OSHA regulations.

The seminars ended with a question and answer period and goody bags that included Husqvarna masks,

sweatshirts, hats and pens.

The companies attending the seminar included:

- Neuber Concrete, Phoenixville, Pa.
- Fabbri Concrete, Vineland, N.J.
- R&W Concrete, Lansdale, Pa.
- E&G Concrete, Stevens, Pa.
- T&T Construction, Souderton, Pa.
- B. Pietrini & Sons, King of Prussia, Pa.
- King of Prussia Equipment Corp., King of Prussia, Pa. ■

The Husqvarna 150 saw was one of the items being demonstrated.

Soff-Cut specialist Stewart Carr began the event with a PowerPoint presentation on the Husqvarna Soff-Cut saws.
